**Dear Readers,**

The first nine months of the project L2L ENTREPRENEURSHIP are over. The time was mainly used for dissemination purposes, to introduce the project to relevant stakeholders, create and maintain the project Facebook page and website and start to prepare structure and contents of the project training course.

### 2nd Project meeting in Rome – 25th and 26th February 2016

The second transnational partnership meeting of the project L2L LEARNING TO LEARN ENTREPRENEURSHIP was held in Rome, Italy, on 25 and 26 February 2016 and it has been organized by the Italian partner ERIFO. One of the main outcomes of the meeting was the Skeleton for the L2L Training course. Contents and structure of the different modules of the training course have been discussed during the meeting and the Skeleton has been established with the contribution of all partners and the technical advice of the Romanian partner Assist.

During the first day of the meeting the partners discussed about the course development, both in terms of target groups and structure, since these are the basis for the next steps. They also discussed about the e-learning platform, defining its architecture and about the results of the research on the entrepreneur profile.

The first part of the second working day was dedicated to financial reporting and communication and dissemination strategy. The lead partner, AJEV, explained the rules that need to be followed to collect the necessary documents. During the last hours of the meeting, the partners analyzed the upcoming tasks and defined the deadlines according to the application form and the project state of art.

### L2L training course

According to the results of the second partnership meeting the training contents will be developed in the following months and a draft version will be ready to be discussed during the next Partnership meeting in Greece.

The training course will be promoted through the Project channel and social media (*L2L Facebook Group*), as well as through website of each partner. The course will consist of 5 Modules with “innovation peels” in each of them and each partner develops one module.

### Target Group

The L2L training course will address the following target group:

- ◆ Young people, especially low skilled
- ◆ Trainers and educational staff
- ◆ Potential entrepreneurs.

### Next meeting

The third transnational meeting will be held in Volos, Greece, in July 2016. The meeting will be hosted by the Greek partner Career Services Office (CSO) of University of Thessaly.
